Pinnacle Installs 360Networks ComXchange PBX For New Embassy Suites - Beachfront—St. Augustine, FL

Embassy Suites
St. Augustine Beach Oceanfront Resort
300 A1A Beach Blvd - St Augustine Beach, FL

Opening Fall 2018 and being touted as arguably having the best beachfront on the entire market, the new 175 two-room all-suite luxury resort is situated on 5.7-acres of direct Atlantic Ocean access with its beachfront spanning 535 feet. Only minutes from historic downtown St. Augustine, the resort is nestled between the St. Augustine Beach Pier and Anastasia State Park, a 1,600-acre nature park with activities including swimming, shelling, boating, and hiking trails through maritime hammocks and ancient sand dunes. In addition to the luxurious landscaping, hotel amenities include 25,000 square feet of indoor/outdoor event space, an oceanfront tiki bar, a large infinity pool and on-site Harvest and Reel signature restaurant.

Pinnacle is installing the 360Networks ComXchange PBX solution. “Here’s another example of a large-scale hotel under construction, says Bill Mitchell, Pinnacle CEO/VP Cloud Solutions, it’s been a long time since our industry has been this active across all sectors. We began seeing changes and improvements over the past few years with more projects and new construction and there’s no question that the economy and our industry are continuing to improve more each day. It’s projects like this that are driving our impressive growth”.
